**For WRAC  
member council  
Primary and Al-  
ternate Reps and  
a select number  
of their board  
members**

During this time of pandemic, as COVID-19 continues to shift even the new norms we become accustomed to, we have invited Dr. Ferrer to join us for an extended WRAC meeting at 4pm on August 19th. Member Councils are encouraged to attend, along with a handful of their respective Board members, to engage with the LA County Dir. of Public Health.

Dr. Ferrer will give Westside leaders a glimpse into what she knows and what she expects, as the COVID-19 crisis evolves. Dr. Ferrer will make remarks and take some questions. We thank CD11 and CD4 for their support and partnership for this important conversation.
