Dear City Officials,

Many Westside Councils have expressed ongoing concerns about ride dockless vehicles and how they are used on our streets.

Privacy concerns notwithstanding, Westside Councils have concerns about a specific and urgent need stemming from an incident in which someone was struck by a dockless vehicle and the operator fled the scene. LAPD was unable to find the operator and the provider was unwilling to share any information as they were not required to without a warrant.

Therefore, the Westside Regional Alliance of Councils has passed, by a majority of voting councils in our Alliance, the following motion:

The Westside Regional Alliance of Councils urges the City to (1) deny a business license and/or Dockless Mobility Permit, or suspend and/or revoke any previously-issued business license and/or Dockless Mobility Permit, to any provider of Dockless Mobility Devices operating in the City that fails or refuses to cooperate fully with law enforcement in providing information about the user of its Dockless Mobility Device involved in an accident causing injury to another person; (2) if and as necessary, immediately enact additional regulations amending existing rules and/ or data protection policies in the City's Dockless Mobility Pilot Program to provide for issuance of business licenses and/or Dockless Mobility Permits only upon condition that providers cooperate fully with law enforcement under the circumstances set forth above; and (3) provide for suspensions, followed by revocation hearings, of any such licenses and/or permits issued to Dockless Mobility Device providers that fail or refuse to comply fully with law enforcement under the circumstances set forth above.

This language has been approved by the following Councils: Pacific Palisades CC; Bel Air-Beverly Crest NC; Brentwood CC; Westwood CC; Westwood NC; Westside NC; Del Rey NC; Mar Vista CC.

No member Councils have opposed this measure or submitted a minority letter to accompany this position.

Please contact me with any questions regarding the above motion.

Sincerely,
