

DRAFT Updated Motion Regarding Speed Limit Reductions on Westside Streets

The WRAC Mobility and Transportation Committee requests that the WRAC Board take additional action on this matter by sending a letter to LADOT, CD 11 and CD 5 making the following points:

- 1) The Westside Regional Alliance of Councils supports the action taken by the LA City Council on March 7, 2022 in passing Council File 21-1223 regarding Speed Limit Reductions.
- 2) The WRAC Mobility and Transportation Committee (MTC) has reviewed the streets on the Westside slated for speed limit reductions at their March 16, 2022 meeting and supports the efforts to reduce the speed limit by 5 MPH on streets that were recently identified for 5 MPH speed limit increases. (See the attached Ordinance number 187427 with the complete list of streets effected.)
- 3) Moving forward, it is the suggestion of the WRAC MTC that future speed limit reductions be discussed and planned as neighborhood or regional traffic improvements rather than individual street improvements. These improvements should be coupled with measures to minimize vehicle traffic being redirected onto adjacent neighborhood streets. For example, we would like to see LADOT incorporate traffic calming measures and active transportation elements. Traffic calming measures might include compact traffic circles/mini roundabouts, restricted turns, curb extensions/bulb-outs, speed humps and tables, and diagonal diverters, half closures, full closures, and median barriers to reduce cut-through traffic.
- 4) In addition, the WRAC Board requests that the Council Offices engage the local Westside Councils in ongoing discussions about what additional streets should be considered for speed limit reductions as well as establish a method whereby Council and stakeholder feedback on this issue can be submitted directly to LADOT.

ORDINANCE NO. 187427

An ordinance amending Section 80.81, Division "P" of Chapter VIII of the Los Angeles Municipal Code to effect speed limit reductions on certain City street segments.
